**Physicians United Plan (PUP) volunteers come together for third annual renovation project for local non-profit caregiver organization**

**WINTER GARDEN, Fla. – (May 6, 2011)** – Physicians United Plan (PUP) employees will be joined by friends and family on Saturday, May 21<sup>st</sup>, 2011 to make significant renovations to the Share the Care adult day center in Clermont. Share the Care has been providing adult day care and respite for frail, physically, and/or cognitively impaired adults since 1986. At the center, clients can watch movies and play games in a social environment 5 days a week.

This will mark the third annual volunteer project honoring Share the Care, with past projects including renovations at the Oviedo and Downtown Orlando Locations. Much like the previous projects, volunteers will spend the day cleaning, painting, gardening, and building various donated items - such as outdoor furniture, shelving and an entertainment corner.

“Each time we do volunteer work for Share the Care, we walk away with such an amazing experience. It never fails to bring our team closer together and is a wonderful way to thank Share the Care for their outstanding presence in the community,” says Gigi Henry, Supervisor or Marketing Operations.
